

TIME KIDS

From the desk of the Chief Executive

Happy new year to all of our many stakeholders and supporters. I hope you had a joyous festive season and that 2016 promises great things.

We're looking forward to a full and rewarding year for the many children, families and carers connected to Time for Kids. One of the biggest challenges that we'll be embracing this year is to place more children in need with more committed and loving carers willing to play a role in changing the world – one child at a time.

So this month, I'm asking you a favour. I'm asking you to share this challenge with us by helping to increase the number of South Australians who support children in need through Time for Kids. It's easily done! All you need to do is talk about us to five of your friends. Encourage them to sign up to our regular newsletter through [this link](#), and connect with us via [facebook](#) and [Twitter](#). The more we can spread the word to those willing to volunteer their time, interest and donations, the more children we can help to build bright futures.

I hope you enjoy this quarter's newsletter – and we look forward to bringing you more exciting news over the coming year.

- Jennifer Duncan
Chief Executive

Love is a Journey

Valentine's Day is just around the corner, and we know that there is so much more love in the air than just with your beau! We've thought of some ways that you can share the love with children doing it tough this February 14:

- become a volunteer carer - attend an [information session](#)
- help raise funds to support a child through Time for Kids - volunteer with the [Q Can](#) recycling crew
- make a donation via our [online gift shop](#) (more information below)
- ask us about getting free copies of our book, *It's About Time*, to hand out to five of your friends
- share our story with your family and friends!

There's nothing better than sharing the love because, no matter who you are - together is better!

Become a Lionheart in 2016

Since 2010, 100 or more community and business leaders have come together in support of Time for Kids' Lionhearts Lunch. This annual fundraiser is a unique opportunity to support South Australian children in need with your friends and colleagues. Guests enjoy the hospitality at the Lion Hotel, a fine selection of generously donated South Australian wines, and the exhilaration of a live auction. To find out more and to keep updated on this year's event, visit our [webpage](#) and subscribe to our [Lionhearts mailing list](#).

Hippity Hoppity, Easter's on its way

With January already behind us we are starting to think about Easter. Every year we collect donations of Easter treats for our children, so that they have the opportunity to share in this fun tradition with their families and peers. If you or your workplace would like to make a donation, give us a call or email info@timeforkids.com.au.

New Initiatives and Updates

Some have you would have visited our new online gift shop at Christmas-time to make a donation. We are pleased to announce that this online gift shop has been "re-stocked" with a range of new ways you can make a contribution to a child's well-being throughout the year.

Visit timeforkids.com.au/shop today - and don't forget to share the link with your family and friends!
