

## Time for Kids Merger Project 2018 - Update

Thank you to everyone who has contacted us since we first wrote to you about the Time for Kids Merger Project 2018. We've been overwhelmed by your support and good wishes.

We continue to be keen to hear from any of our volunteers, stakeholders and other supporters who would like to discuss the project with us, raise queries or provide feedback.

On 22 May we hosted a project forum for our volunteer carers and mentors. This was very well attended, and saw the launch of **Our Case for Change**, which provides a brief outline of our business case for selecting a strategic merger as our preferred pathway for ensuring a bright and prosperous future for our trusted and powerful programs.

We have also developed a second project communiqué, in response to questions received on the night. This has been published on our **FAQs and Project Updates** page, and is available for you to access now.

You can keep contacting us via the details on our project website, or by emailing direct to **[MergerProject2018@timeforkids.com.au](mailto:MergerProject2018@timeforkids.com.au)**

Thank you, again, for your support and interest.

Yours sincerely,  
The Time for Kids Board
